**Join us for profound explorations into the human mind.** The MIND Academy is the place for discussing various conceptual, empirical and application-oriented perspectives on consciousness. Speakers and facilitators contribute to the establishment of a scientifically informed culture of consciousness [Bewusstseinskultur]. The MIND Academy develops both public and scientific discourse on the psychedelic experience and associated topics in consciousness research, medical and psychotherapeutic practice. Additionally, we offer the opportunity to experience and investigate the range of consciousness.

**Location:** All events take place at **betahaus Berlin (Rudi-Dutschke-Str. 23, 10969 Berlin)**, if not stated otherwise,
